Passenger Terminal Expo 2026

17 to 19 March 2026

ExceL London, UK

Stand: B259

Smiths Detection at

PTEWORLD

PASSENGER TERMINAL EXPO

Experience the Future of Airport Security and Efficiency

Meet us in London and discover how our latest innovations are helping airports worldwide enhance security, optimise operations, and elevate the passenger experience.

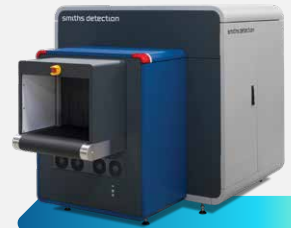

With over 50 years of aviation security expertise and more than 3 billion bags scanned annually, we continue to lead the industry with trusted, future-ready solutions designed for the airports of tomorrow.

What You'll See at our Stand

**Proven Checkpoint CT Technology:
Now EU Standard C3 Approved**

Our most advanced checkpoint scanner, now approved to EU Standard 3.1 (C3) and trusted at scale worldwide, with over 2,000 units sold globally. It enables passengers to leave electronics and liquids of up to 2 litres in their bags.

Discover the
HI-SCAN 6040 CTiX

Experience live demonstrations showcasing how the system improves throughput, lowers total cost of ownership, and delivers exceptional image quality to support confident decision-making.

LET'S CONNECT IN LONDON

Join us at **Passenger Terminal Expo 2026** and discover how our latest innovations are shaping the future of airport security.

**WORLD'S #1 TRUSTED LEADER
IN SCREENING SECURITY.**

Experience a Live Airport Checkpoint in Virtual Reality

Step inside a real-world installation brought to life through an immersive virtual reality experience.

Discover how our screening technology is implemented at a major international airport, and see firsthand how it supports efficient operations and confident security decision-making.

SDX 10080 SCT — Smart. Efficient. Sustainable.

Explore the SDX 10080 SCT, a modular hold baggage screening solution designed to meet today's operational demands while adapting seamlessly to tomorrow's challenges.

It combines powerful dual-energy CT with high-resolution imaging, ultra-low false alarm rates, and flexible configuration options, with or without a line scanner.

Compact, energy-efficient, and easy to install, the SDX 10080 SCT delivers outstanding operational performance while reducing total cost of ownership.

Visit our stand to speak with our experts and discover how this future-ready solution is built to support the next generation of baggage screening.
